

# Biopac Student Lab

*The choice of top labs worldwide*

*Use for introductory lessons, graduate programs, or advanced research*

## ***The ultimate teaching solution for...***

Physiology	Exercise Physiology & Biomechanics
Biology	Psychophysiology & Neurophysiology
Biomedical Engineering	Pharmacology & Toxicology
Nursing	Veterinary Programs

## ***When you get the BSL...they'll get science!***

*Incorporate clinical techniques & industry standard equipment to teach your students real-world skills.*

ECG	Biofeedback	Nerve Conduction
EEG	Bioimpedance	Pulmonary Function
EMG	Cardiac Output	Reaction Time
EOG	BP & Heart Sounds	Respiration
EDA (GSR)	Metabolic Rate	Temperature

*Multi-level learning solutions let you control the material and method of each experiment.*

- |                                 |                           |
|---------------------------------|---------------------------|
| • Inquiry-based student lessons | • PRO Lessons             |
| • Instructor modified labs      | • Custom Lessons          |
| • Advanced analysis tools       | • No programming required |

**\* INTEGRATED HARDWARE , SOFTWARE & CURRICULUM FOR LIFE SCIENCE EDUCATION \***
